MODEL #44444

PACKAGE COMPONENTS

Strap protectors (6)

Instructions

INSTALLATION INSTRUCTIONS

1) Locate the vehicle straps with J hooks (3 on each side of the vehicle).

2) Slide strap over J hook completely by inserting the J hook into the open end of the strap protector.

3) Secure J hook in the appropriate area of the truck body. Tighten the straps by pulling the webbing. Remember, the straps should not be too tight.

If you are missing parts, do not return to the store. Please contact Napier Enterprises at 800-567-2434/ 905-935-0427, Mon-Fri 9-5 EST or email customerservice@napieroutdoors.com

⚠ WARNING

- Keep all flame and heat sources away from the tent fabric. The tent is made with flame-resistant fabric which meets CPAI-84 specifications. It is not fireproof. The fabric will burn if left in continuous contact with any flame source. The application of any foreign substance to the tent fabric may render the flame-resistant properties ineffective.
- To prevent carbon monoxide from entering the vehicle and tent area, do not run the engine, do not cook inside the tent, and do not use a gas heater in the tent. Carbon monoxide is dangerous to your health.
- Engine must be off and exhaust must be fully cooled before tent installation and use.
